

The **CARON**® Family Album

From the industry's leading compactor Wheels with Pin-On® Teeth to the versatile Solid Waste and Transfer Station Track Shoes and Wheels to the Double Semi-U® Trashblade, the CARON line of landfill products outfits the best names in compaction quality. From the CAT 816F2 and 826H to the 120,000 lb. 836H, from the CAT 953C Track Loader to the D9T, from the Al-Jon 500/525/600 and Terex TC400/TC525 to the Bomag BC 672 RB/772/972/1172, CARON is there with top quality and improved performance. When we decide to reinvent the wheel - which we have done for years - we do it for just one reason: to build the best. Picture CARON in your landfill family.
